WORK EXPERIENCE

Virtual Assistant/KOL Outreach Specialist Remote

01/2023 - Present Remote

Managed global KOL outreach for startups & brands. Vetted creators, ran CRM campaigns, and optimized lead pipelines to drive brand growth and ROI.

Achievements/Tasks

- Closed a \$25K+ high-ticket deal within the first 30 days as the sales team member for a prominent women's fitness coach, setting a record for the fastest and highest value acquisition in the first month.
- Scaled brand content production by 400%, successfully increasing monthly output from 20+ posts to over 100+ high-quality posts through optimized scheduling workflows and creator coordination.
- Vetted and recruited high-tier global creators using advanced research techniques, resulting in a consistent and high-conversion lead pipeline for startup clients.
- Managed end-to-end outreach via CRM tools, maintaining a 98% database accuracy rate and significantly increasing lead response speed through automated follow-up systems.
- Leveraged Informatics Engineering background to automate data entry and reporting tasks, reducing manual administrative workload by approximately 10 hours per week while ensuring 100% data integrity.

IT Support Officer Indonesia

02/2018 - Present Indonesia

Provides critical technical infrastructure support to ensure 24/7 operational continuity within a high-pressure healthcare environment.

Achievements/Tasks

- Optimized hospital IT system operations by providing rapid technical troubleshooting, reducing system downtime, and ensuring uninterrupted healthcare delivery
- Diagnosed and repaired critical hardware and software issues for staff members, maintaining high operational efficiency across all hospital departments
- Identify and resolve hardware and software problems to minimize downtime and support hospital operations.
