PROFESSIONAL EXPERIENCE

Remote Operations & KOL Outreach Specialist

Global Startups & Personal Brands (Remote) | January 2023 – Present

- Closed a \$25K+ high-ticket deal within the first 30 days as a new sales outreach team member for a women's fitness brand, setting a record for fastest first-month client acquisition on the team.
- Scaled creator-led content production by 400%, growing monthly output from 20 to 100+ posts by overhauling scheduling workflows, creator coordination systems, and content approval pipelines.
- Drove end-to-end KOL and UGC outreach campaigns for 5+ global startups and online coaches, managing creator vetting, CRM pipelines, contract follow-ups, and performance tracking.
- Built high-conversion creator pipelines using structured market research and tiered vetting frameworks, consistently delivering qualified creator candidates within 48-hour turnaround windows.
- Maintained CRM databases at 98% accuracy across HubSpot and ClickUp, implementing automated follow-up sequences that reduced average lead response time by 40%.
- Engineered n8n-powered reporting and data entry automations that eliminated 10+ hours of manual administrative work per week, freeing team capacity for revenue-generating activities.
- Launched and managed influencer partnership programs, coordinating deliverables across 20+ active creators simultaneously while maintaining brand consistency and campaign deadlines.

IT Support Officer

Healthcare Organization – Indonesia (On-Site) | February 2018 – Present

- Delivered mission-critical IT support across a 24/7 healthcare environment serving 200+ staff and achieving consistent system uptime and zero unresolved Priority-1 incidents within SLA windows.
- Produced clear technical documentation and step-by-step user guides for non-technical clinical staff, reducing repeat IT support tickets by improving staff self-sufficiency.

EDUCATION

Bachelor's Degree in Informatics Engineering
